

Excise Tax Compliance Obligation

The scope of Excise Tax in The Kingdom of Saudi Arabia (KSA) has expanded and the changes will be implemented with effect from 1 December 2019. Is your business ready to go live?

These amendments to the KSA Excise Tax regulations have increased the scope to include the following Excise goods categories:

**Sweetened
Drinks**

E-cigarettes

**E-cigarettes'
liquids**

If not already registered for Excise Tax, businesses which import, manufacture, or stockpile the above goods in KSA will need to register for Excise Tax before 1 December 2019.

How Can **INSIGHTS** help?

We can help your business from registering for Excise Tax and filing returns, through to product reviews, categorization and supply chain management to ensure compliance, minimize risk and maximize cash flow.
